HISTORIC AMERICAN BUILDINGS SURVEY

Adoendum to ELIM HOUSE (Dr. William Keil House)

HABS No. MO-1146

Location: Bethel vicinity, Shelby County, Missouri

HISTORICAL AND ARCHITECTURAL INFORMATION

The following information was recorded by Alexander Piaget and Charles van Ravenswaay at the time the photograph was taken:

Built ca. 1850. A ballroom is on second floor. The house originally possessed a third story with a row of dormer windows. The windows and roof were blown off during a storm and never replaced. The porch is modern, with double entrance doors. The diamond pattern of the lower panels might be compared with the diamond pattern design of the interior doors in the Ben Ruskaup House (HABS No. MO-1415).

PROJECT INFORMATION

The Piaget-van Ravenswaay Survey consists of a number of photographs, primarily of sites and structures in Missouri, which were taken before 1938 by Alexander Piaget and after that by Paul Piaget, both in conjunction with Charles van Ravenswaay. Photographs of buildings were incorporated into the HABS collection in 1985 by Laura Rupp and in 1986 by Deborah Fulton, HABS historians. A master list is available in the [REDACTED] records for MO-1800.
